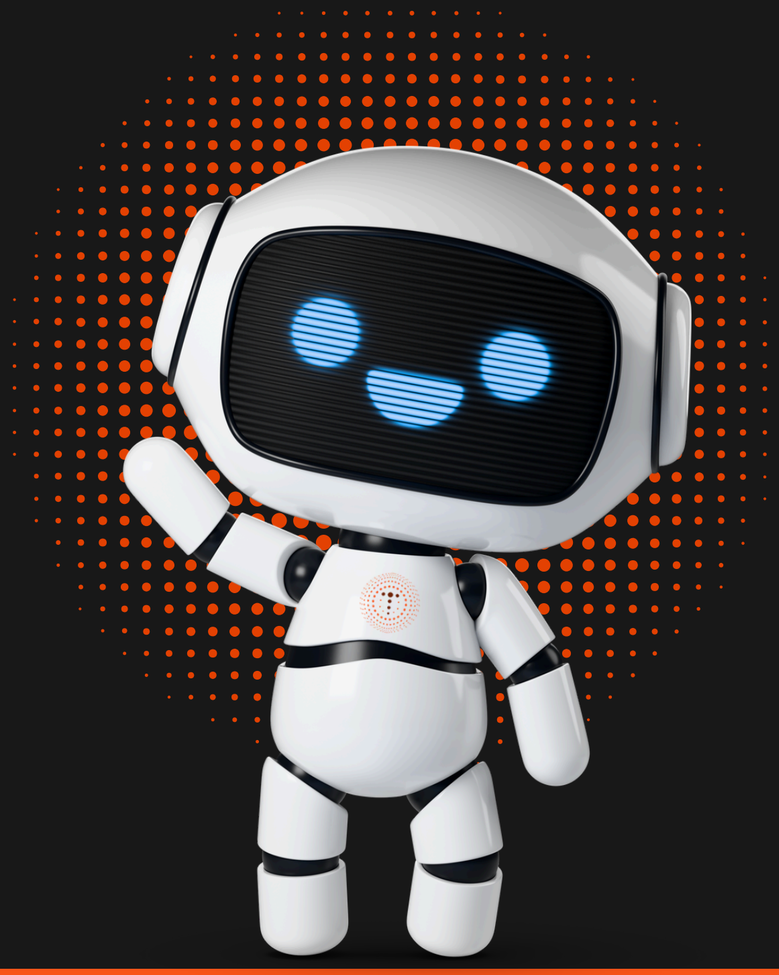
TECHCORA CORPORATION PVT LTD

COMPANY PROFILE

About Us
Who We Are

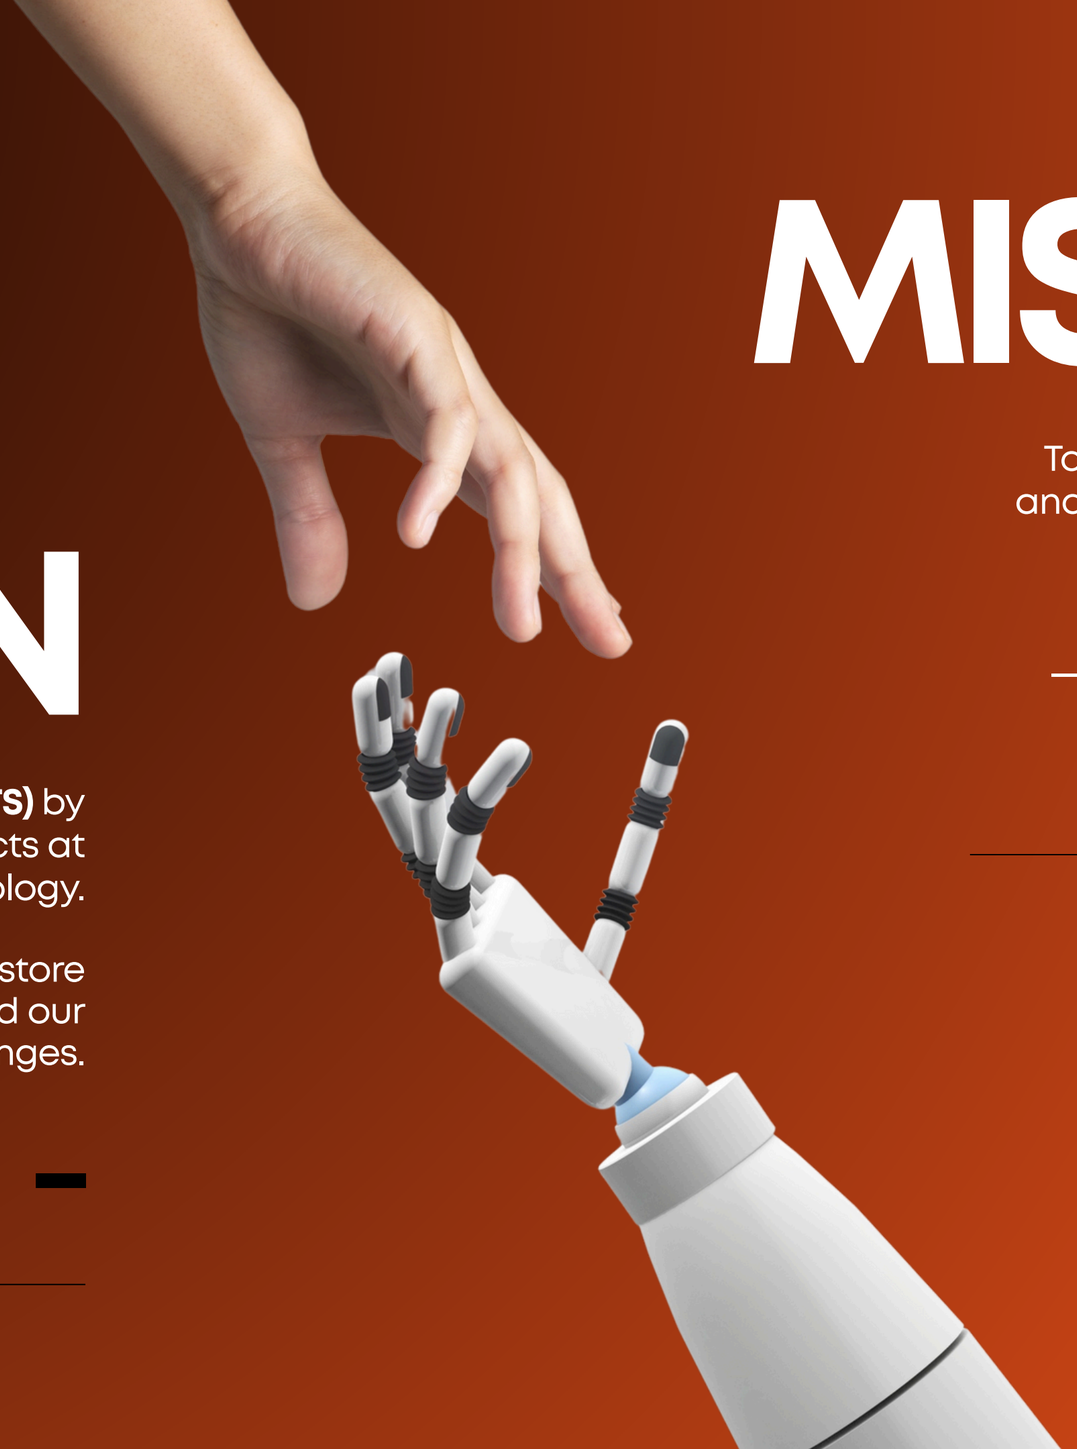
Techcora is a forward -thinking technology company delivering integrated **Software + Hardware solutions**. Headquartered in **Chennai**, **India** we are building a group of world-changing companies in the fields of Software and Robotics.



VISION

To Lead India To Supremacy (LiTS) by creating groundbreaking products at the cutting edge of technology.

We aim to uplift our nation first, restore its historic greatness, and extend our innovations to solve global challenges.



MISSION

To **build the best team** of engineers and individuals, creating world-class products at lightning speeds. We're not just building tech

— we're building the future of India.

Our Verticals

Software

Developing cutting-edge software solutions across web, mobile, and enterprise applications with a focus on scalability and innovation.

Robotics

Building next-generation robotics systems for automation, manufacturing, and advanced industrial applications.

Our Services

Custom Software Development

Tailor-made applications built to meet your business goals with precision and scalability.

Mobile App Development

High-performance iOS and Android apps with intuitive UI/UX, built for scale.

Website Development

Responsive, fast, and secure web platforms for B2B, B2C, and enterprise use.

UI/UX Design

Crafting elegant, user-centric interfaces that drive engagement and retention.

Cloud & DevOps Services

Infrastructure, automation, and deployment solutions to streamline your software lifecycle.

IT Consulting & Tech Advisory

Expert guidance to help you plan, build, and scale with confidence.

AI & Machine Learning Solutions

Leverage intelligent systems to automate, predict, and innovate faster.

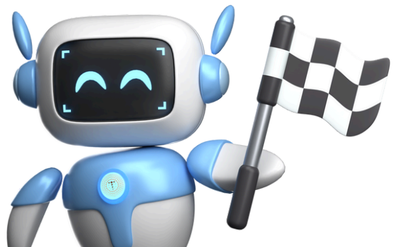
Embedded Software & IoT

Custom firmware and device-level software solutions for connected products.

Why Choose **Techcora?**

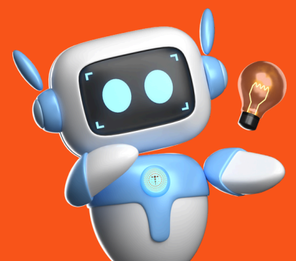
Ambition

We dream boldly and execute fearlessly.



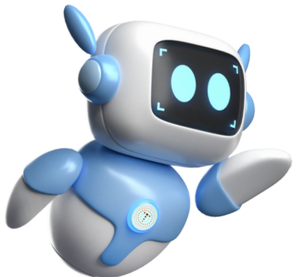
Curiosity

We ask questions that lead to breakthroughs.



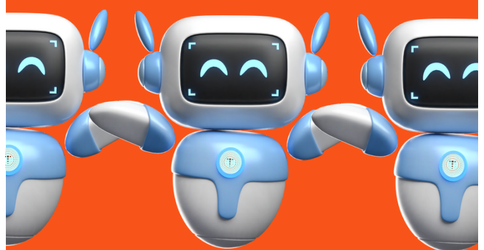
Excellence

We settle for nothing less than world-class.



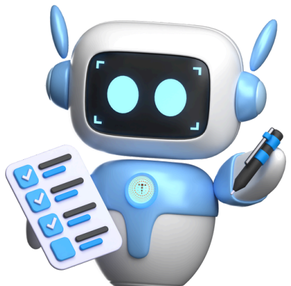
Unity

We win as a team, with collective strength.



Responsibility

We take ownership of our future, our work,



Our Team

Meet the Engineers of Energy

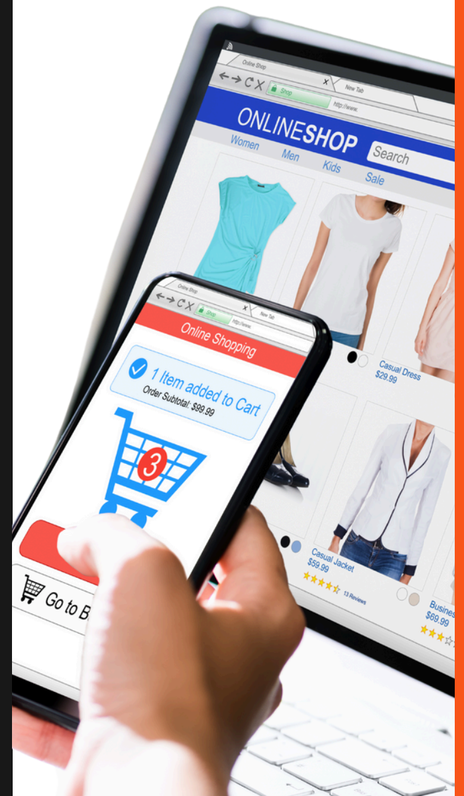
Not just Engineers —
Lead builders of a Movement

Industries **We Serve**

At **Techcora**, we specialize in crafting creative solutions tailored to a variety of industries. Our expertise ensures every project reflects the unique identity and goals of your business.

Retail & E-commerce

POS systems, inventory management, and customer-facing mobile apps.



Fintech & Payments

Secure payment platforms, digital wallets, and transaction processing systems.

Logistics & Fleet Management

GPS tracking, route optimization, and real-time fleet monitoring solutions.

IoT & Robotics

Intelligent systems and connected devices for automation, remote monitoring, and smart operations across industries like manufacturing, logistics, and smart homes.

Sweden | Fin-Tech | POS

surfboard payments

POS - Payments Software - Fintech

A smart, secure, and customizable payment terminal solution developed for Surfboard Payments AB, enabling seamless transactions in retail and hospitality industries across Sweden.

> "Techcora delivered a reliable and secure payment solution that exceeded our expectations. Their fintech expertise and commitment helped us launch a scalable product across Sweden."
